

## Our Newsletter Wants Your Photos!

Northern News invites you to submit photos for its magazine cover and for its “Where in the world” feature. The newsletter uses a cover photo and a WITW photo 10 times each year. Cover photos will be cropped to square format and should be at least 3000 pixels wide. The subject can be anything of planning interest in our Northern Section (Del Norte to Monterey County, plus the Bay Area). WITW photos may show any urban-scape directly related to our field or practice, anywhere in the world, and should be at least 1200 pixels wide. Check our archives at [here](#) to see photos used in past issues. Send your JPEGs or TIFFs to “Editor” at [knoxnaph@gmail.com](mailto:knoxnaph@gmail.com).
