The first webinar, October 25, 2019, will consist of a panel discussion with Northern Section planning leaders on APA's Ethics Case of the Year, with ample time for questions and answers about the ethical quandaries we all face.

The second webinar, November 15, 2019, will feature attorneys Robert Selna and Amara Morrison from Wendel Rosen who will present on: 1) the role of local jurisdictions in legalized cannabis in California and implementation through local land use permits; and 2) California Senate Bill 35 and other streamlining statutes that have been put into place to remove impediments and increase production of housing.
