

Share your **#PlanningPositivity** story and join us December 16th!

While November typically brings us together for a holiday celebration, this year we're connecting in a different way for our annual gathering. In addition to a night of (virtual) celebration, we are asking each of you, and all of our members, to share what made this year special for you and your teams, your families, your communities.

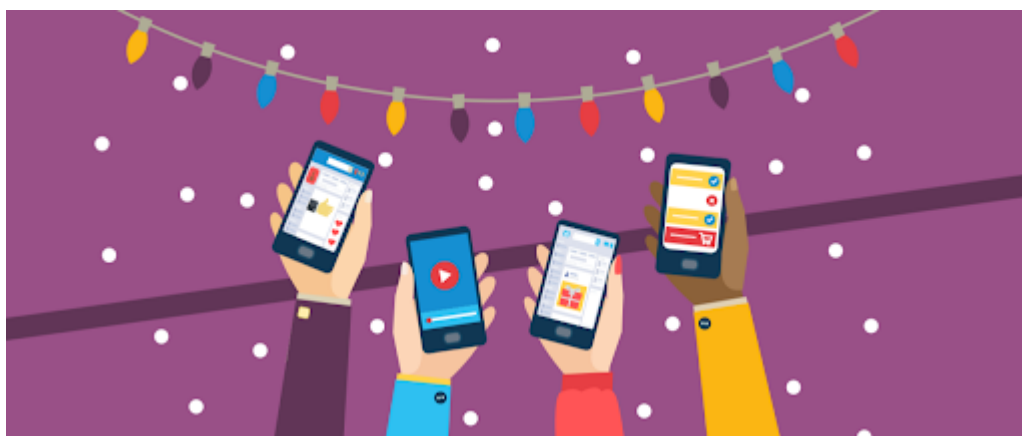

***Share your stories of #PlanningPositivity on LinkedIn, Facebook, Twitter, and Instagram.***

***Then join us on December 16th at 6:30 pm for a virtual event with fun games and conversation to celebrate and wrap up our month-long #PlanningPositivity campaign!***

**Log on NOW** or follow our social media sites on Facebook, Twitter, LinkedIn, or Instagram to share your **#PlanningPositivity** photos, memes, videos, news, and stories using the hashtag — positive, wholesome, radically amazing, or just plain good planning-related events, experiences, projects, or ideas that occurred in 2020 that you want to celebrate together. Together we will bring to light the good in our lives to share with others and spread the joy we still know exists in the world. So...

- Share your stories of **#PlanningPositivity** using the hashtag.
- Tag others and share with your own networks to spread the light farther.

***We know this year has been difficult. Let's celebrate what's made it special.***
