

Metro Washington Council of Governments - Travel Forecasting and
Emissions Analysis Program Director

Travel Forecasting and Emissions Analysis Program Director. This is an exciting opportunity in the Transportation Planning, Forecasting and Engineering field to join a premier professional metropolitan agency that is making a difference. The position serves as a division head (15 FTEs) for a well-respected Director of the Transportation Planning Department (59FTE). Starting Salary range - \$126,184 to \$178,803.

For over 50 years Metropolitan Washington Council of Governments (COG) has helped develop regional solutions for transportation, environment, growth and development, public safety, homeland security, etc. The COG serves Northern Virginia, Maryland and Washington D.C. including 23 local governments, the Virginia and Maryland Legislatures and members of the U.S. Congress.

The Travel Forecasting and Emissions Analysis Program Director oversees a talented team of professionals who conduct diverse technical planning activities including transportation plan evaluations, air quality conformity analyses, technical assistance studies and strategic direction for the development and implementation of refined travel forecasting methods and practices. The position also supports the National Capital Region Transportation Planning Board (TPB) the federally designated Metropolitan Planning Organization (MPO).
