The APA California Chapter – Northern Section is excited to kick off the 2018-2019 Mentorship Program. This career development initiative offers one-on-one mentorship matching between young planners (“Mentorees”) and experienced professionals (“Mentors”). The program aims to improve the professional practice of planning by benefiting individual practitioners.

By Friday, September 14, 2018 visit the website to join the 2018-2019 Mentorship Class. **It takes less than three minutes to sign up**, and this information will help us align professional interests and areas of expertise among the Bay Area’s diverse talent pool.

Program Description

This opportunity is available to all planning students and professionals. Our goal is to provide adequate structure to facilitate meaningful relationships, while maximizing flexibility to meet the professional interests and schedules of participants. Each Mentor and Mentoree pair is welcome to customize the program to meet individual needs.

- Participants engage in one-on-one Mentor and Mentoree matching, which involves a minimum commitment of three meetings over a seven-month period.
- Handouts and e-mail templates will be distributed to participants to facilitate introductions, initiate talking points, and share professional development resources.
- Happy hour socials at the beginning of the program will be co-hosted with the Regional Activity Coordinators and/or Young Professionals Group Directors to offer additional outreach options between Mentors and Mentorees. (Continued on next page.)

Mentor

- Professionals with at least three years of work experience in any planning discipline.
- Each Mentor will be assigned one Mentoree. If additional Mentors are needed, participants will be individually asked if willing to advise more than one.
- Minimum commitment to meet or teleconference with your Mentoree three times between October 2018 and April 2019.
- APA membership is not required.

Mentoree

- Students and young professionals with less than three years of work experience in any planning discipline.
- Minimum commitment to meet or teleconference with your assigned Mentor three times between October 2018 and April 2019.
- Applicants are not guaranteed to receive a Mentor, but we’re actively recruiting a large group of participants. Priority matching will be given to second-year graduate students and recent graduates.
- APA membership is required (free for qualified students and 85% off discount for new members to join). You can sign up to be a Mentoree today, but you are required to become a member by October 31.
